

You are invited to participate in Ms. A's Virtual Art Club. Before the Coronavirus closed our physical school, I wanted to create a space and time for students who are interested in creating and learning, to come create art with me. I was a high school art teacher for nine years and I miss it. I love teaching new techniques, listening to students discussing new creative ideas and watching students create!

This Virtual Art Club, is a way to provide a variety of cool projects for you to do at your own pace and in your own space!
I will continue to add projects and How To Videos to the library of activities you can do.

We will have virtual meetings on Google Meets once a week to share what everyone is working on. I will send an invitation to you and post it on our website under Ms. A's Virtual Art Club icon on the homepage of our website at www.stjosephinole.com

If you have any questions, comments or needs please email me at nlenz-acuna@csdo.org

Let's get creating!
